

# WSDOT

## The Washington State Department of Transportation

WSDOT is seeking contractors and engineers to help deliver an \$11 billion construction program through 2013. Below, are a few upcoming projects that WSDOT will advertise. For more information on these projects and WSDOT's other upcoming projects or to learn about employment opportunities, visit the WSDOT website.

### ◀ I-405 Corridor - \$1.09 Billion

The I-405 Corridor project is a multi-modal redevelopment of I-405, consisting of congestion relief and bus rapid transit projects and includes more than 300 improvements. Advertised in multiple contracts now through 2009.

### ▼ Alaska Way Viaduct - \$1.9 Billion

WSDOT, the Federal Highway Administration and City of Seattle are working to replace the Alaskan Way Viaduct and Seawall. The team is continuing environmental and design work on two options: a tunnel and an elevated structure. To be advertised in 2009.

### ▲ SR-520 Bridge Replacement - \$500 Million

The current bridge could be replaced with a 4-Lane or 6-Lane facility, creating a seismically sound and safe new floating bridge with full shoulders, and a bike and pedestrian path through the entire project corridor. To be advertised early 2008.

### ▶ I-90 Snoqualmie Pass East - \$390 Million

This project will build a safer, more efficient six-lane freeway using tunnels and/or other measures to eliminate avalanche closures and reduce rockfall hazards. Straighter roadway curves will increase sight distance. Expanded bridges and culverts will allow safer crossings for wildlife and minimize wildlife collisions. To be advertised mid 2009.

Bidding proposal may not be issued to bidders unless they are prequalified, except where otherwise provided in Plans and Specification. For those contractors who are not prequalified, application for prequalification will be submitted on DOT Form 420-010 (Standard Questionnaire and Financial Statement) and must be received by the Prequalification Engineer no less than fifteen days prior to the scheduled bid opening to receive consideration for issuance of a bidding proposal for that bid opening. Contact WSDOT Prequalification Engineer at: (360) 705 7017 or e-mail: [walkeke@wsdot.wa.gov](mailto:walkeke@wsdot.wa.gov)
